

KEY DIGITAL TECHNOLOGIES

NATIONAL INFODAY

21 FEB | 14h00 – 17h00 (Lisbon Time)

Online event

Key Digital Technologies (KDT) – a Horizon Europe Partnership for research, development and innovation – funds projects for assuring world-class expertise in these key enabling technologies, essential for Europe's competitive leadership in the era of the digital economy. In order to promote the participation of Portuguese companies and research organisations in this Partnership, the Portuguese Delegation (FCT and ANI) are organising a national infoday, in collaboration with the KDT Joint Undertaking Executive.
