

Banco de Vídeo

Um repositório de todos, para todos

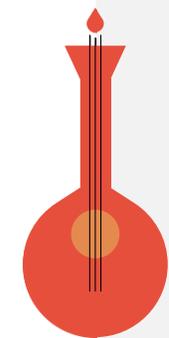

Banco de Vídeo

- Repositório partilhado pela RCTS
- Partilha e reutilização de Vídeos
- Créditos aos autores
- Política de utilização – 1TB (base)
 - 80% público
 - 20% privado

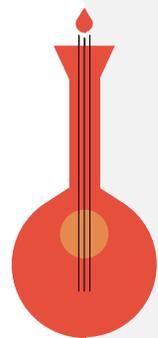

Balanço

- Migração Concluída
 - Mais de 10 Instituições migradas – 50TB
- Protocolos assinados com instituições que já usavam o antigo sistema e novas adesões

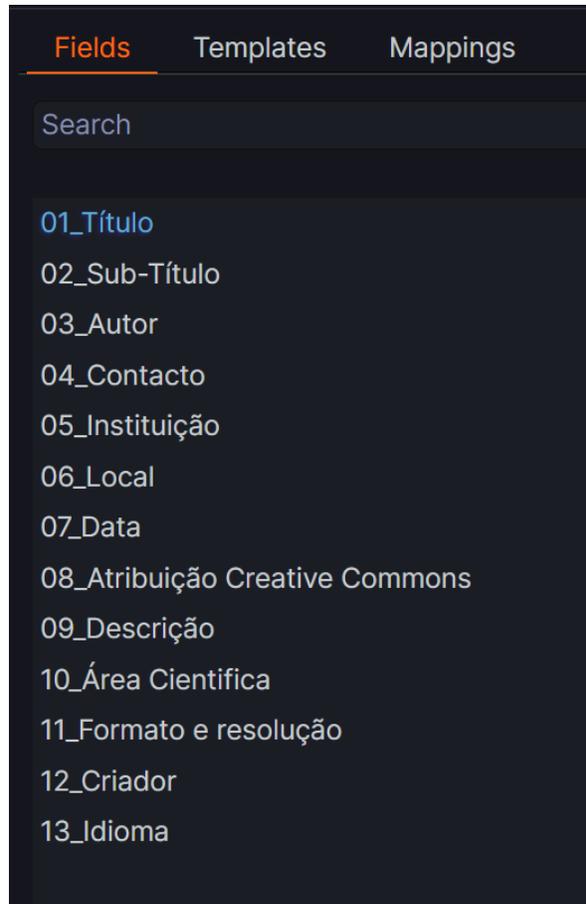

Balanço

- Piloto iniciado com a Universidade Aberta
- Piloto interno (FCCN e FCT) também iniciado
- Aumento de capacidade prevista para segundo quadrimestre

Ferramentas

The screenshot displays the EditShare website interface with a dark theme. At the top left is the EditShare logo. A navigation bar contains links for Home, Documentation, Software, Templates, Status, and Support. The main content area is organized into a 2x3 grid of tool cards. Each card features an icon, a title, a brief description, and buttons for downloading or signing in. The tools include EditShare Connect, EFS Control, FLOW Control, AirFLOW, FLOW Story, and FLOW Panel. The FLOW Panel card also lists integrations with Adobe Premiere and Blackmagic Design DaVinci Resolve.

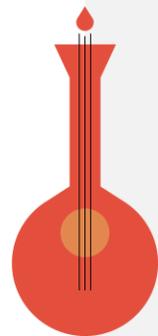

Tool Name	Description	Download/Action Buttons
EditShare Connect	Local client for connecting to your EditShare Server and mounting and managing Media Spaces across your EditShare storage.	Windows Download, Apple Download, Linux Download, Manual
EFS Control	Web based interface for setup, configuration, user management and day-to-day maintenance of your EFS Storage system.	Sign In
FLOW Control	Web based interface for setup, configuration, user management and day-to-day maintenance of your FLOW system.	Sign In, Manual
AirFLOW	Secure and remote web based client for the review and approval of content, including logging and simple editorial assembly.	Sign In, Manual
FLOW Story	Local client for secure and remote access to your content for logging, ingest, editorial assembly and delivery, featuring round tripping with industry standard editing applications.	Windows Download, Apple Download, Manual
FLOW Panel	Secure and direct NLE access to FLOW media and project assets - enabling powerful search, ingest, FLOW project and media transfer workflows. Please select your integration:	Adobe Premiere (Manual, Download, Windows, Apple), Blackmagic Design DaVinci Resolve (Manual, Download, Windows, Apple)

Editshare Connect

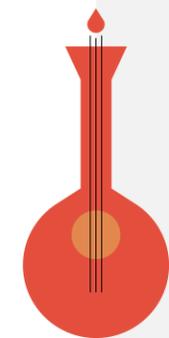

- Cliente de ligação ao Sistema
- Versão Windows, Mac e Linux
- Os “mediaspaces” são montados como Drives no computador
- Permite seleccionar os projetos

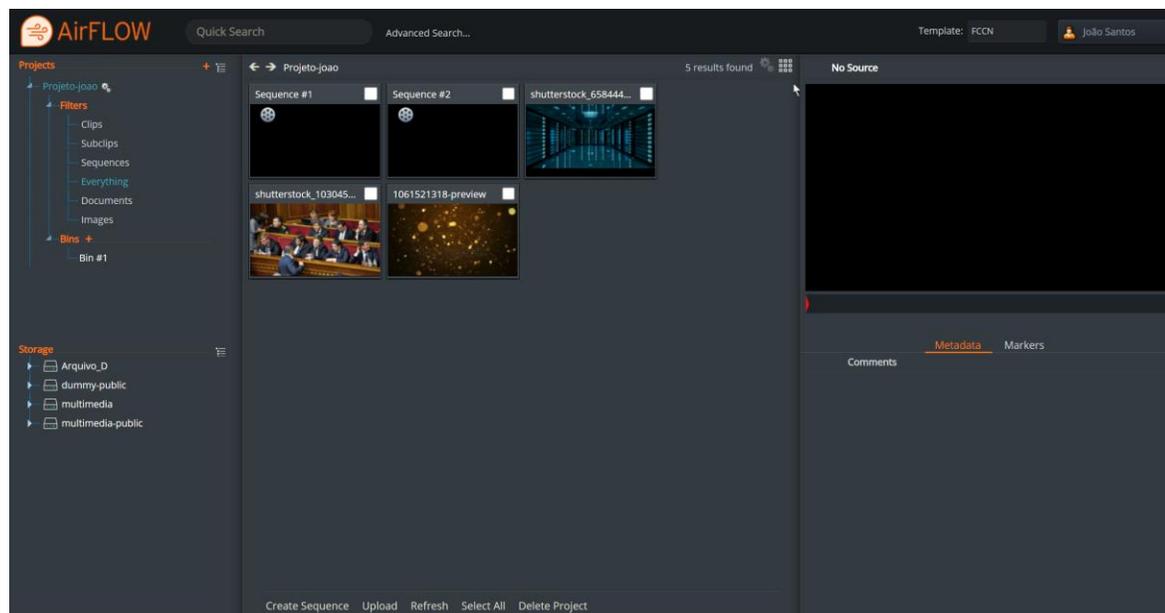

Ferramentas

The screenshot displays the EditShare website interface with a dark theme. At the top left is the EditShare logo. A navigation bar contains links for Home, Documentation, Software, Templates, Status, and Support. The main content area is a grid of six tool cards:

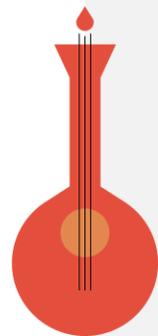

- EditShare Connect:** Local client for connecting to your EditShare Server and mounting and managing Media Spaces across your EditShare storage. Includes download buttons for Windows, Apple, and Linux, and a Manual link.
- EFS Control:** Web based interface for setup, configuration, user management and day-to-day maintenance of your EFS Storage system. Includes a Sign In button.
- FLOW Control:** Web based interface for setup, configuration, user management and day-to-day maintenance of your FLOW system. Includes Sign In and Manual buttons.
- AirFLOW:** Secure and remote web based client for the review and approval of content, including logging and simple editorial assembly. Includes Sign In and Manual buttons. This card is highlighted with a red border.
- FLOW Story:** Local client for secure and remote access to your content for logging, ingest, editorial assembly and delivery, featuring round tripping with industry standard editing applications. Includes download buttons for Windows, Apple, and Manual.
- FLOW Panel:** Secure and direct NLE access to FLOW media and project assets - enabling powerful search, ingest, FLOW project and media transfer workflows. Includes a section for integrations with Adobe Premiere and Blackmagic Design DaVinci Resolve, each with Manual, Download, and OS-specific buttons.

AirFlow

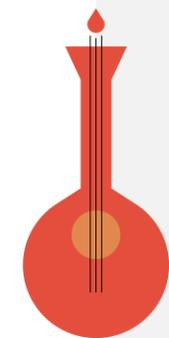

- Corre em HTML5 em Laptop, tablet ou telemóvel
- Upload, visualização e cortes
- Criação de projetos
- Navegar, pesquisar e organizar conteúdo nos mediaspaces, projetos, pastas e sequências
- Compatibilidade com Premiere e Resolve (plugin)

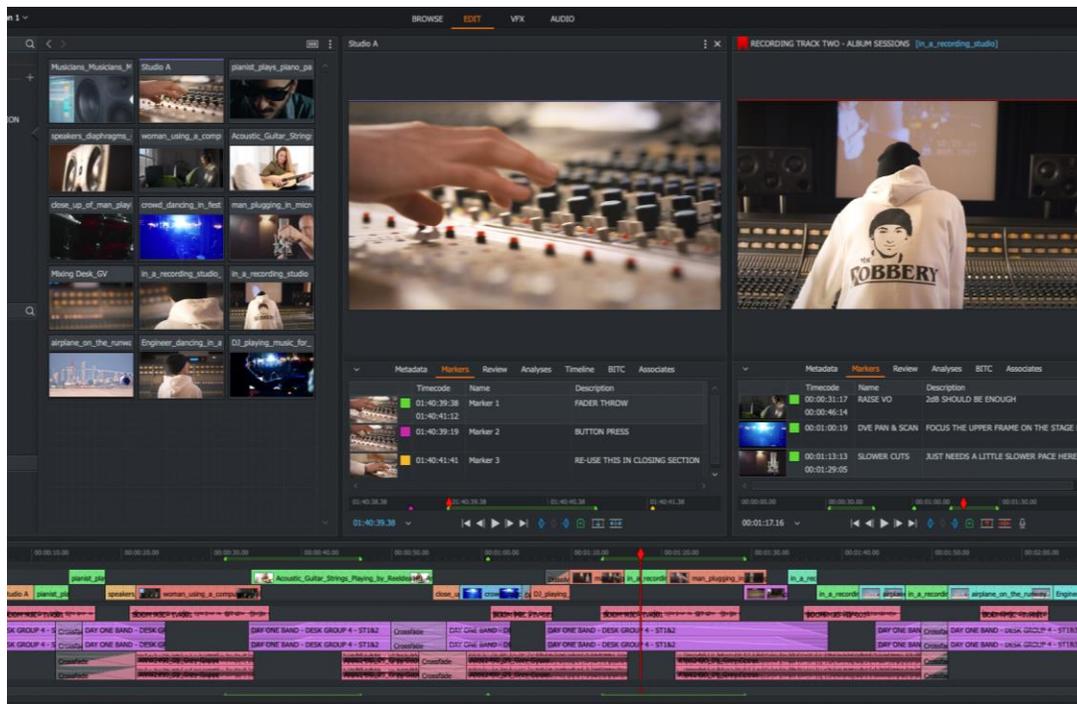

Ferramentas

The screenshot displays the EditShare website's home page with a dark theme. At the top left is the EditShare logo. A navigation bar contains links for Home, Documentation, Software, Templates, Status, and Support. The main content area is divided into six tool cards:

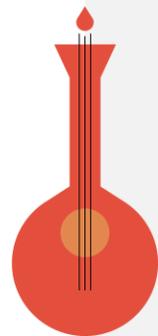

- EditShare Connect:** Local client for connecting to your EditShare Server and mounting and managing Media Spaces across your EditShare storage. Includes download links for Windows, Apple, and Linux, and a Manual link.
- EFS Control:** Web based interface for setup, configuration, user management and day-to-day maintenance of your EFS Storage system. Includes a Sign In button.
- FLOW Control:** Web based interface for setup, configuration, user management and day-to-day maintenance of your FLOW system. Includes Sign In and Manual buttons.
- AirFLOW:** Secure and remote web based client for the review and approval of content, including logging and simple editorial assembly. Includes Sign In and Manual buttons.
- FLOW Story:** Local client for secure and remote access to your content for logging, ingest, editorial assembly and delivery, featuring round tripping with industry standard editing applications. Includes download links for Windows, Apple, and Linux, and a Manual link. This card is highlighted with a red border.
- FLOW Panel:** Secure and direct NLE access to FLOW media and project assets - enabling powerful search, ingest, FLOW project and media transfer workflows. Includes integration options for Adobe Premiere and Blackmagic Design DaVinci Resolve, with download links and manual links for each.

Flow Story

- Editor Simples
- Baseado em produção remota diretamente no Servidor
- Permite gravar áudio diretamente
- Compatível com outros softwares de edição
- Versão local mais completa que o AirFlow
- Colaboração e equipas multidisciplinares
- Windows e Mac

The FLOW Panel card is highlighted with a red border.

Flow Planel

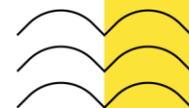

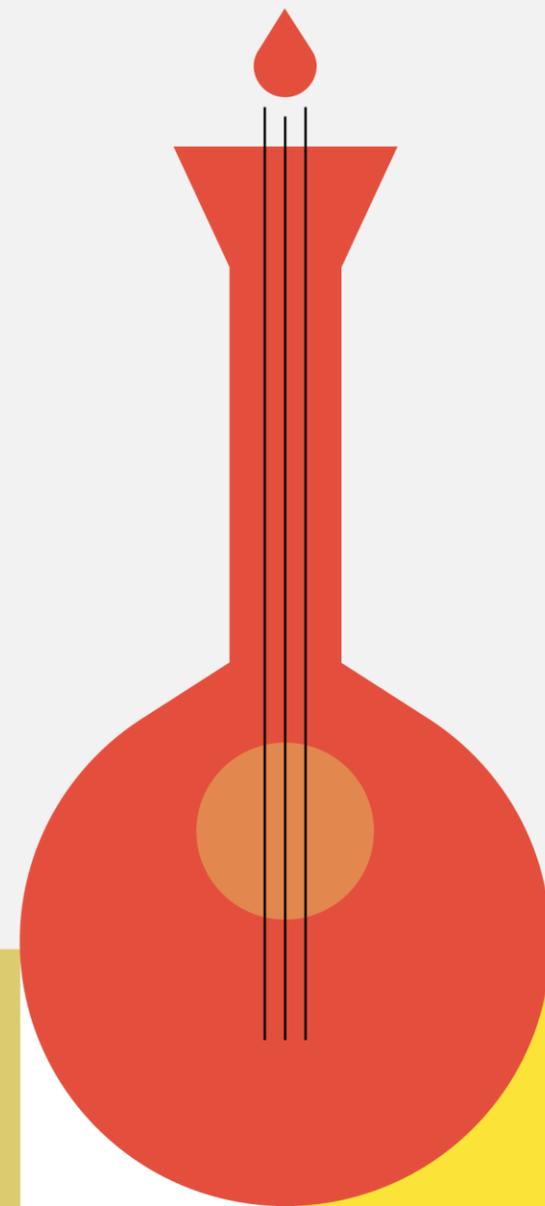

- Plug-in
 - Premiere
 - Davinci Resolve
- Baseado em produção remota diretamente no Servidor
- Separador no Premiere como se tratasse de media

Boas práticas

Criação repositório

O que colocar?

Pensar o que precisamos
quanto contruímos conteúdos

- Vídeo e fotografia
- Marcos históricos e geográficos
- Ações e objetos
- Reutilizar o acervo

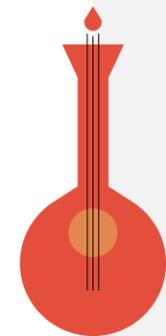

Como gravar/escolher?

- Planos estáveis
- Duração mínima 30s
- Movimentos (5s antes e depois)
- Som ambiente
- Focados
- Boa exposição

Como gravar/escolher?

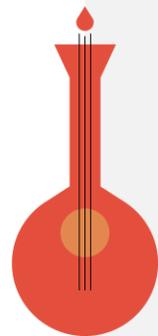

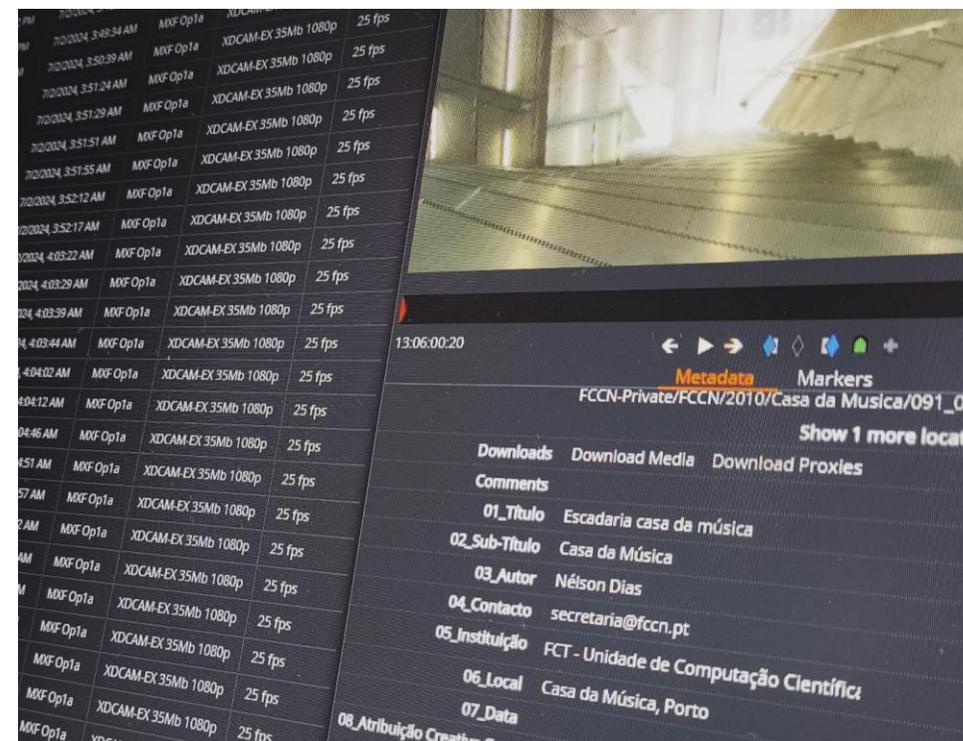

- Composição
- Várias perspetivas
- Ficheiros com boa qualidade

Como catalogar?

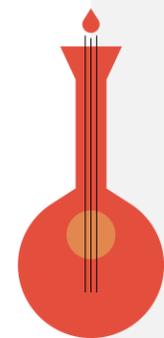

Como é que eu encontrava este plano?

- Nome
- Local
- Data
- Autor
- Boa descrição
- Comentários

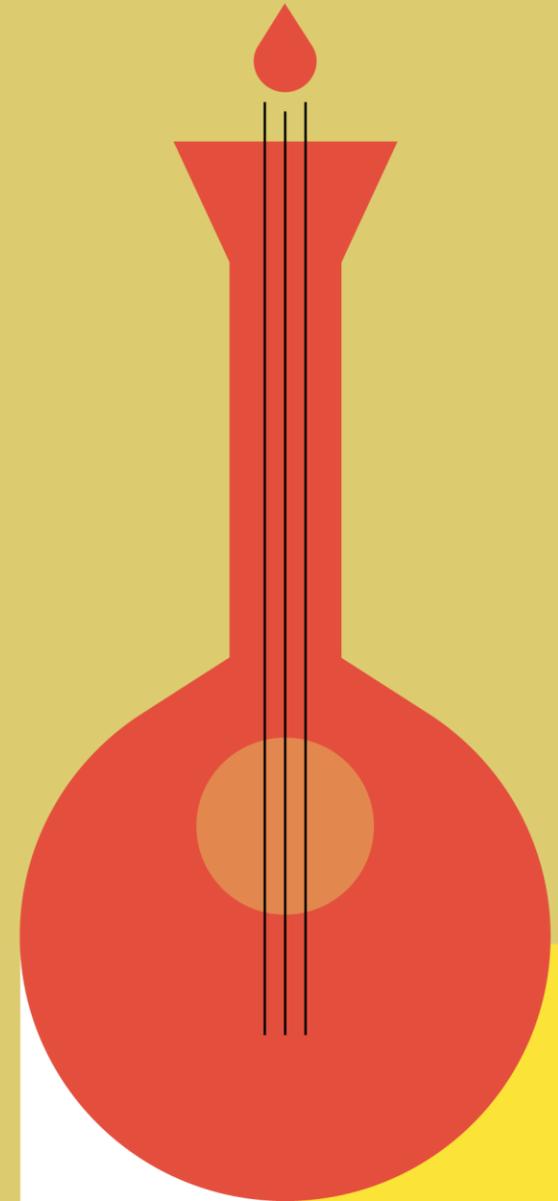

Recomendações

- Definir licença Creative-commons (CC)
- Garantir direitos de utilização
