

AOP 2026

Tuesday, 7 July 2026 - Friday, 10 July 2026

ISEL Campus

Scientific Programme

texto do programa

Optical Communications

Optical Fibers, Sensors and Applications

Lasers and Nonlinear Optics

Theoretical and Computational Optics

Quantum Optics

Optical Metrology, Image Processing and Industrial Applications

Nano-Photonics and Optoelectronics

Integrated Photonics

Optical Design and Illumination

Photonics for Photovoltaics

Biomedical and Medical Applications of Optics & Photonics

Optometry, Ophthalmic Optics, Color and Visual Sciences

Optical Instrumentation for Space and Astronomy

Microwave Photonics

Materials Processing and Characterization

Energy, Sustainability and Smart Cities

Optics and Photonics Education and Outreach

Other Topics

Optical Materials
